PART #3: ADDITIONAL INFORMATION

1. ITEMS ORDERED BY DEPARTMENTS FOR EMPLOYEE USE:

The bidder shall make deliveries of items to be issued to employees within thirty (30) calendar days after the receipt of the purchase order (PO) with the exception of extended sizes which are defined as 4XL and larger which must be delivered within forty five (45) calendar days of the order.

2. SUMMER CAMP PROGRAMS

The bidder shall deliver items for the summer camp program(s) within twenty one (21) calendar days after the date of the acceptance of the pre-production sample. All deliveries shall be made in accordance with good commercial practice and all required delivery timeframes shall be adhered to by the bidder(s).

Safety and security concerns require that all children and staff of a park providing summer camp activities wear shirts of similar color and design.

Orders will be placed by various Parks, Recreation and Open Spaces (PROS) Regions for the individual summer camp programs assigned to them. Orders shall be accepted only from authorized individuals on a list provided by PROS.

3. RUSH ORDERS

At times the County may find it necessary to place an order with a required delivery of less than thirty calendar days. Under these circumstances, the bidder may be contacted to ensure that an expedited delivery is possible. If the bidder agrees to accept this order all other terms and conditions of the contract apply. A charge for rush services may be added to the invoice. This fee must be approved by the office who is requesting the rush delivery prior to the order being placed.

The County reserves the right to place rush orders with any bidder it feels is most advantageous to the County.

4. ADDITIONAL ARTWORK

At the time an order is issued by the County, the ordering department will advise the bidder of the necessary images/designs (artwork) and wording to be placed on the shirts if other than those already specified and priced. This information will be provided in the user department's most current electronic method. It is incumbent on the bidder to have the necessary expertise and or computer programs to convert the submitted image to an image that their equipment can process. When artwork is presented in this form a onetime fee may be charged for its conversion into a format that the contractor can use. An estimate of the number of hours necessary will be agreed to by both parties prior to the start of work.

The County shall be provided a copy of any Vector artwork/acetate created at no additional cost. This applies to all bid items.

Prices bid for shirts shall include any flashing necessary, logo(s) or images as required in the specifications (front, back, sleeves and badges) and a left breast pocket if specified.
